

**Administration and Support Services - LISD
District-Wide Considerations**

1. Enrollment in Lockhart ISD has continued to gradually climb. Given the current enrollment at the elementary campuses, a recommendation has been put forth for the District to consider funding for property for one, if not two, new future elementary campuses.

		Response Percent	Response Count
I agree		85.7%	30
I disagree		14.3%	5

2. Given the current enrollment at the elementary campuses, a recommendation has been put forth for the District to consider funding for the construction of a new elementary campus.

		Response Percent	Response Count
I agree. Lockhart ISD needs a new elementary school in the near future.		88.6%	31
I do not agree. Lockhart ISD does not need a new elementary campus.		11.4%	4

3. If the District does construct a new elementary campus, would you consider returning all elementary campuses, including Carver, to a PK-5 grade grouping?

		Response Percent	Response Count
I support PK-5		65.7%	23
I do not support PK-5		11.4%	4
I have no preference		22.9%	8

4. A recommendation has been put forth to combine 9th grade with the current 10th-12th grades. This recommendation calls for a comprehensive renovation and expansion of the existing Lockhart High School. The project would address capacity, educational adequacy and specific improvements to support instruction and programs. It would be a multi-year project and involve input from staff and community members.

		Response Percent	Response Count
I support an overhaul of Lockhart High School.		77.1%	27
I do not support an overhaul of Lockhart High School.		11.4%	4
I have no opinion either way.		11.4%	4

5. If the District moves 9th grade to the current high school campus, it provides an opportunity to repurpose M.L. Cisneros. A recommendation has been put forth to consolidate Administrative and support functions at M.L. Cisneros. For example, Central Administration, Special Ed., Community Ed., Pride High School, LDMC, etc.

		Response Percent	Response Count
I support the repurposing of the M.L. Cisneros campus and the consolidation of Administration and support functions.		71.4%	25
I do not support the repurposing of the M.L. Cisneros campus.		20.0%	7
I have no opinion either way.		8.6%	3

Q6. Please provide any additional comments that might assist us in defining potential facilities improvements district-wide.

1	I would like to see LHS build upward as in multistory. Is there enough room at LJHS in the district expansion plan?	Sep 4, 2013 4:45 PM
2	Do not put Pride with LDMC; the focus different.	Sep 4, 2013 2:26 PM
3	National Association of School Nurses recommends one registered nurse per 750 students. Current enrollment figures and future student growth projections suggests two registered nurses will need to be located at High School campus if ninth grade students are relocated there.	Sep 4, 2013 9:03 AM
4	We are growing and running out of space!	Sep 4, 2013 7:58 AM
5	I believe the High School should be updated and enlarged to provide needed program space. I do not believe academically it is in the best interest of students to combine 9th graders with 10-12 graders.	Sep 4, 2013 6:44 AM
6	Please do not forget about recommendations for Athletic facilities district-wide. There are some great needs there. Also do not forget about adding a central warehouse.	Sep 4, 2013 6:30 AM
7	I feel that a new high school and a new elementary, if not two elementary campuses, should be built instead of renovating. They would be worth the tax increase(s).	Sep 4, 2013 6:22 AM
8	I think any reconfiguration of elementary campus grade spans needs to include consideration that Carver Kindergarten continues to serve PK & K. Perhaps it can become a PK-K campus for the district.	Sep 3, 2013 3:40 PM
